

Arts Month 2019

Sample Newsletter Article

This October, the Pikes Peak region will celebrate its 6th annual Arts Month, a local initiative to raise awareness for the quality, diversity and value of the arts in our community. Building on the popularity of National Arts & Humanities Month, our local Arts Month is orchestrated by the Cultural Office of the Pikes Peak Region, and everyone is invited to participate! The official call to action during Arts Month is to “have at least one new cultural experience with family or friends during the month of October!”

A special landing page has been created at www.PeakRadar.com/ArtsMonth with complete information about Arts Month, as well as a link to a “Toolkit” of resources that are designed to help you to support the effort. For questions, or to learn more about how you can engage, email info@CulturalOffice.org, or call 719-634-2204.
