TRY SOMETHING NEW!

The MAC program has lots of Artist Facilitators who are eager to engage with our local military community members. Your referrals are key to the MAC process, so please keep your orders coming, and consider working with an Artist Facilitator that you haven't worked with before! If you need assistance with the MAC website, want training for a new staff member, or have other questions, please email us at:

Meet one of our Artist Facilitators

Over the past several years, Poetry Heals has been privileged to work with large groups, small groups, families, and individuals under the auspices of the Military Arts Connection program. We give people the tool of expressive writing for connecting to their emotions, their sense of humor, and to each other in a safe environment.
